WATER/WASTE WATER SERVICES

ProUsys has been assisting companies to improve productivity and quality for over twenty years. We engineer, design and integrate a broad range of hardware and software solutions to fit each customers requirements.

Some of our solutions include HMI Development, Network Engineering, Panel Design and Fabrication and PLC Programming.

ProUsys takes pride in our ability to understand your existing systems no matter what the technology. We readily take on projects that require innovative solutions technically challenging the water/waste water sector. Projects are our passion. We are an authorized system integrator for some of the largest manufacturers in the industry.
